

November 16, 2021

To our Residents, Families and Friends:

We would like to thank you once again for your continuous support, as we work our way through the current healthcare climate and reassure you that the safety and well-being of our residents and staffs remained a top priority.

We have received the updated guidance for Federal and State visitation for all residents. As we welcome everyone, we are still required to adhere to Infection Prevention and Control principles to ensure safety for all. Visitors are expected to adhere to the Core Principles of Covid-19 infection prevention.

We encourage all visitors to be fully vaccinated (if not medically contraindicated) ***or provide covid-19 test results 2-3 day prior to your visit***, in accordance with the New York State Department of Health. The state of New York is still substantial to high county transmission.

Linden Center will provide an updated educational facts sheet for visitors and will continue to conduct Covid-19 screening for visitors and staff.

Visit our website at www.lindencenterrehab.com for updated information on visitation.

We thank you for your cooperation and support.

Sincerely,

Nelissa Garces
Administrator

Dear Visitors,

Visitation is now available at any time and appointments are no longer necessary.

When visiting, the following guidelines must be followed:

- If you have been exposed to or have a positive viral test for COVID-19, symptoms of COVID-19, currently meet the criteria for quarantine, should not enter the facility.
- We encourage all visitors to vaccinate and test for COVID-19 2 to 3 days prior to entering the facility
- Visitor under age 18 must be accompanied by an adult 18 years of age or older
- All visitors must check in at the kiosk for temperature check and screening
- Visitor(s) must comply with hand hygiene. Clean your hands with alcohol-based Hand Sanitizer before and after the visit.
- Wear a mask over your mouth and nose and to be worn during the entire visit most specially in communal areas.
- Observe social distancing, we may limit number of visitors for social distancing.
- Go directly to the area of your visit, do not walk around the building
- Check out with the receptionist letting them know you have ended your visit

Welcome and thank you for your cooperation and support.
